Re: Request for Coverage of a Non-Formulary Drug: Please respond.
• Please complete the attached Request for Coverage of a Non-Formulary Drug Form
• To expedite the review process please complete all requested fields.
• Completed forms should be faxed to: 1-855-714-6218. It is not necessary to fax this cover page.

Information about this Request for Coverage of a Non-Formulary Drug

Use this form to request coverage of a drug that is not on the formulary. To process this request, documentation that all formulary alternatives would not be as effective or would have adverse effects is required. Please provide clinical information or other evidence supporting the medical necessity of the non-formulary drug, including previous formulary drugs attempted for this patient’s condition. If the formulary exception is approved, it will be reimbursed at the highest brand tier copay for the calendar year.

You can make an expedited request by indicating this at the top of the attached form. If you request an expedited review and sign the attached form, you certify that applying the 72 hour standard review time frame may seriously jeopardize the life or health of the member or the member’s ability to regain maximum function.

TexanPlus® HMO/HMO-POS

ICD-10 Code: __________________________________

Standard Reviews will be completed in under 72 hours. An expedited review is available if you certify that a standard review time frame will seriously jeopardize the health of your patient. To request an expedited review, simply indicate this at the top of this page.

Request for Coverage of a Non-Formulary Drug Criteria

Medical Justification: Please provide medical justification for the non-formulary drug exception request. Please address why all formulary alternatives on any tier of the formulary for treatment of the same condition would not be effective or would cause adverse effects. List previous drugs and doses attempted for this patient, condition and dates or approximate dates or duration of treatment (if known). Document adverse effects requiring discontinuation and/or reason for perceived ineffectiveness. Attach additional pages if necessary.

□ If all formulary agents would not be effective, please specify prior treatment failures:

____________________________________________________________________________________________

____________________________________________________________________________________________

____________________________________________________________________________________________

□ If all formulary agents would have adverse effects, please specify prior adverse effect history:

____________________________________________________________________________________________

____________________________________________________________________________________________

____________________________________________________________________________________________

□ If patient preference for nonformulary drug, please provide your clinical rationale:

____________________________________________________________________________________________

____________________________________________________________________________________________

____________________________________________________________________________________________

□ If no available formulary alternatives have been previously tried, please check this box.
